

Permission needed for your child's student account

Hi parents,

This year, students will get their own student accounts on ClassDojo to document and share their classwork. I'll also use ClassDojo to message you and post announcements. It's the easiest way for you to see what your child is working on and to get in touch with me.

With their student account, your child will share what they're learning through photos, videos, and journal entries on their own digital portfolio. This portfolio can only be seen by your child, you, and me, and I will approve all posts. Your child will also be able to view their feedback from class and customize their ClassDojo monster. If your child is under 13, I need your consent to create your child's student account on their behalf - **please sign below!**

Our class goal is for every family to **fill out and return the slip as soon as possible!**
